No. 1:11-cv-1925

Plaintiff,

v.

Magistrate Judge Keys

ADT SECURITY SERVICES, INC.,
Defendant.

**THIRD PARTY PLAINTIFF ADT'S OBJECTIONS AND RESPONSES TO ELEPHANT
GROUP INC.'S FIRST DISCOVERY REQUESTS TO ADT**

Pursuant to Federal Rule of Civil Procedure 34, Plaintiff ADT Security Services, Inc. ("ADT") hereby objects and responds to Elephant Group Inc.'s First Discovery Requests Directed to ADT as follows:

GENERAL OBJECTIONS

Plaintiff makes the following General Objections to each of the Requests, which objections are hereby incorporated by reference into each specific response.

1. ADT objects generally to the Requests, including the Definitions and Instructions, to the extent they impose burdens or duties upon ADT that are greater than required by the Federal Rules of Civil Procedure and/or applicable law.

2. ADT objects generally to the Requests to the extent the response thereto would cause undue burden, undue expense, and/or oppression.

3. ADT objects generally to the time frame given in the Requests insofar as such time frame is overbroad and unduly burdensome, oppressive, and not reasonably calculated to lead to the discovery of relevant evidence.

4. ADT objects generally to the Requests to the extent they seek information and/or documents that are neither relevant to the subject matter of this litigation nor reasonably calculated to lead to the discovery of admissible evidence.

5. ADT objects generally to the Requests to the extent they seek the disclosure of information or production of documents protected from disclosure or production by the attorney-client privilege, the work-product doctrine, or by any other privilege or doctrine available under statutory, constitutional, or common law. Inadvertent disclosure of such information or production of such documents shall not constitute a waiver of any privilege, doctrine, or any other ground for objecting to discovery with respect to such information or documents, nor shall inadvertent disclosure or production waive ADT's right to object to the use of any such information or documents in any proceeding.

6. ADT objects generally to the Requests to the extent they call for information or documents that may be otherwise confidential or contain commercially sensitive information; disclosure of such information or documents will be provided by ADT upon entry of and subject to an appropriate protective order.

7. ADT objects generally to the Requests to the extent they are vague or ambiguous.

8. ADT objects generally to the Requests to the extent that the requested documents or information have already been produced or are otherwise available through other means.

9. ADT objects generally to the Requests to the extent they seek production of documents or information that are not within ADT's possession, custody, or control.

10. ADT's responses to these Requests, notwithstanding the objectionable nature of any of the Requests, should not be construed as: (a) a concession that any information or document is relevant; (b) a waiver of the general objections or the objections asserted in response to a specific Request; or (c) an agreement that a similar Request in this or any other related proceeding will be treated in a similar manner

11. ADT reserves the right to amend or supplement these Responses should that become necessary or appropriate.

12. The General Objections stated herein are incorporated by reference into each response herein, as if fully set forth below. No such objection is waived by answering any particular Request in whole or in part. Any response provided herein is subject to and limited by all General Objections stated herein.

2. State the amount of damages you are claiming against Elephant Group, Inc. and provide the factual basis for your damages claim.

Response: ADT seeks damages from Elephant Group in the amount of \$10 million.

Pursuant to the Class Action Settlement approved by the Court, ADT settled all claims and allegations in the Lawsuit against ADT for a total of \$15 million. ADT has received indemnification from certain third party defendants and/or their affiliates in the total amount of \$7 million. ADT now seeks indemnification for the remaining \$8 million that it paid to settle the Class Action claims. In addition, ADT seeks \$2 million in litigation costs (including attorney's fees and costs) incurred in defending the Lawsuit, and reserves its right to seek attorney's fees, costs, and prejudgment interest for its indemnification claim as well.

3. Identify every person or entity from whom you have sought indemnity or contribution, either formally or informally, for any of the claims or allegations in this Lawsuit.

Response: ADT has sought indemnification or contribution from each of the Third-Party Defendants as well as Absolute Security of America, LLC, Absolute Security, Inc., Defender Security Company, and Home Alert, Inc. In addition, ADT has sought indemnification from its insurer, AIG.

4. Identify every person or entity from whom you have received any form of compensation for any claims or allegations made in this Lawsuit and state the amount and form of said compensation.

Response: ADT objects to this Interrogatory to the extent it calls for disclosure of confidential information, including the terms of confidential settlement agreements. Subject to, and without waiver of the foregoing, ADT responds as follows: ADT reached confidential settlements with certain third party defendants and/or their affiliates covering the claims and allegations in the Lawsuit. The total amount of compensation received by ADT pursuant to those settlements is \$7 million.

Subject to, and without waiver of the foregoing objections, ADT responds that ADT has not obtained any executed affidavits in this Lawsuit.

7. Identify all other lawsuits, court proceedings or regulatory matters in which ADT is or was a party that involve any of the same parties or claims in this Lawsuit.

Response: ADT objects to this Interrogatory to the extent the response thereto is a matter of public record and thus the burden of obtaining such information is no greater for Elephant Group than ADT. 19. Describe how each of the persons and entities listed in paragraph 1.5 of the Settlement Agreement and Release (Dkt. 240-1) were connected to the calls at issue in this Lawsuit.

Response: Upon information and belief, EMI, a lead generator, and its principal, Christopher Long, used prerecorded messages, and retained Dynamic Interactive Corp., a telecommunication services company, to provide the platform for EMI's pre-recorded telemarketing campaigns. EMI contracted with the following companies for purposes of marketing ADT products and services: Paramount, Alarm Pros, Home Alert, and Eversafe. EMI sold leads to each of those entities. Paramount then sold those leads to Saveology, which sold leads to various ADT Dealers. ADT's investigation is ongoing and to the extent that additional information responsive to this request is discovered by ADT, such information will be provided at a later date.

20. State when and how ADT first became aware that EMI, Inc. was marketing ADT products and services.
